Hi Shelley,

I wanted to share as FYI a request we received from OPP to confirm access to driver photos in response to the Trucker Protest (as well as Windsor, Niagara and Cornwall sites). As you may know, MTO currently has strict guidelines for the use of MTO Photos by officers however police can access under extreme circumstances. Police indicated they will be using these photos to help in criminal investigations regarding identifying offenders.

As the business owner we have no concerns [REDACTED] The wording is broad in our agreement and does not exclude this kind of emergency. I have let my staff to assist in the request.

As the police are looking for MTO confirmation immediately I wanted to share with you for awareness. Parm & Virginia FYI.

Please let me know if you have any questions or concerns.

Regards,
Logan
